Application for: Microfinance – Entrepreneurship Development Unit (EDU) Internship, BRAC

Professional Summary

Graduate entrepreneur and business analyst who has personally built and run a small business – raising capital, securing clients, negotiating vendors, and managing supply and cash flow – the exact experience an entrepreneurship-development role exists to teach others. Combines that first-hand grounding with hands-on skill in requirements gathering, data tracking, and dashboard and report building, plus a proven ability to build an audience and drive market linkage through digital channels. Fluent in Bangla and English.

Relevant Experience

Entrepreneurship & Freelance Work

Dhaka, Sylhet, Cox's Bazar

- Founded and operated a small business to fund university studies: pitched investors and raised initial capital, secured clients, and negotiated with vendors across three cities
- Managed day-to-day operations, budgeting, and supply, and kept transparent stakeholder and product records in Notion and Google Sheets – lived experience of the cash-flow and pricing decisions an entrepreneurship-support programme is built to coach
- Worked as a freelance tour guide for international visitors, sharpening cross-cultural and client-facing communication

Digital Creator & Content Strategist

Self-employed, Dhaka

- Built and grew a social media following across multiple video formats; top post reached 0.5M views, averaging 65K+ across top 10 – direct experience in market access, promotion, and audience-building for a small enterprise
- Tracked and analyzed content performance metrics to guide strategy, and recorded, shot, and edited content end-to-end (Logic Pro, Audacity, OBS Studio, Final Cut Pro) – transferable to documenting entrepreneur success stories and coaching materials

Business Analyst Intern

Blankframe Technologies, Dhaka (July 2026)

- Gathered and documented stakeholder requirements, translating needs into clear, actionable specifications
- Analyzed workflows and tracked project data using Notion and Google Sheets, building organized records to support reporting and process-improvement recommendations

Education

B.SS in Sociology, Shahjalal University of Science and Technology (SUST)

2020–2026

GPA 3.35/4.00 | Higher Secondary Certificate, Viqarunnisa Noon School and College, Dhaka
